

ALIREZA MIRSHEKARI

Infrastructure Design Engineer | BIM & Digital Engineering

L. Based in Antwerp, Belgium E. alireza.mirshekari@gmail.com

PORTFOLIO and
CREDENTIALS

PROFESSIONAL PROFILE

Infrastructure Design Engineer with over seven years of combined experience in infrastructure, landscape, architecture, design, and construction. Currently coordinating Belgian infrastructure and landscape projects, with a strong background in technical design, project coordination, and multidisciplinary collaboration. I also bring three years of experience as a Project Architect in design and construction, complemented by an Advanced Master's degree in Urbanism, Landscape and Planning from KU Leuven.

Currently further developing my expertise in Infrastructure BIM and digital engineering workflows, with a focus on efficient, sustainable, and high-quality infrastructure design and project delivery.

TECHNICAL & DIGITAL SKILLS

Infrastructure Design: Road alignment & profiles, sewer networks, stormwater drainage, integrated water management, earthworks & grading, SB 250 Standard Specifications

BIM & Digital Engineering: Autodesk Civil 3D, Revit, InfraWorks, Navisworks, Autodesk Forma

Standards, Data & Automation: ISO 19650, Dynamo, Power BI, QGIS

CAD & Visualization: AutoCAD (Expert), SketchUp, V-Ray, Photoshop, Illustrator, InDesign, Premiere Pro

Project & Office Tools: MS Project, Microsoft Office

CAREER HISTORY

PROJECT COORDINATOR - INFRASTRUCTURE & LANDSCAPE

France Ingenieursbureau - Lier, Belgium

Sep 2025 - present

- Coordinate multidisciplinary infrastructure and blue-green landscape projects.
- Contribute to roadworks, sewer networks, drainage and integrated water management.
- Coordinate technical design with engineers, contractors and public authorities.
- Apply Flemish infrastructure practices, including SB 250.

PROJECT ARCHITECT

AMA | Design + Build Firm - Bushehr, Iran

Feb 2020 - Jun 2023

- Led architectural design and construction for residential and mixed-use projects.
- Managed project teams and coordinated design and construction activities.
- Implemented BIM workflows for quantity take-offs, cost estimation and procurement.
- Coordinated design information across project delivery stages.
- **Selected Project:** 🏡 Portfolio Chapter 2 – 31# A Private Hook

ALIREZA MIRSHEKARI

Infrastructure Design Engineer | BIM & Digital Engineering

JUNIOR ARCHITECT

Paramadan Consulting Engineers - Bushehr, Iran

Dec 2016 – May 2019

- Progressed from Architectural Intern to Intermediate Architect, contributing to architectural design development, technical documentation, and project coordination.
- Reduced design development documents and technical drawings.
- Supported code compliance and multidisciplinary coordination.

EDUCATION

M.SC. URBANISM, LANDSCAPE, and PLANNING - *Jun 2025*

KU Leuven

M.SC. ARCHITECTURAL ENGINEERING - *Jun 2015*

Shiraz University

B.SC. ARCHITECTURAL TECHNOLOGY ENGINEERING - *Jun 2013*

IAU University

CERTIFICATIONS & PROFESSIONAL LICENSES

AUTODESK CIVIL 3D – AUTHORIZED TRAINING

Geo-IT – Autodesk Authorized Training Center – Geo-IT

CONSTRUCTION SUPERVISION LICENSE – Grade II

Issued by the Iran Construction Engineering Organization (IRCEO) - *Feb 2017*

- Authorized to supervise buildings up to 7 stories or 5,000 m²; chosen for ~8 projects/year

ARCHITECTURE DESIGN LICENSE – Grade II

Issued by IRCEO - *Nov 2016*

- Authorized to design buildings up to 5 stories and/or 2,000 m².
